PRECIMECA

CUTTING EDGE SHREDDERS

Founded in  
1973

Integrated  
manufacturer  
of tire  
shredders  
(rotary shears)  
and rasps

Recognised  
clean-cut  
quality with  
extended  
knives life-time

High energy &  
footprint  
efficiency (only  
one step to  
produce 2"  
chips)

Mobile/Station  
ary turnkey  
installations  
with easy  
monitoring  
(MMI)

Wear parts in  
stock &  
dedicated field  
service teams

Specialist of  
tire recycling  
for over 35  
years

# ASSETS (1/3):

## Equipment specifically designed for scrap tires :

- **Robust equipment for industrial use, to last for decades**
- Excellent cut quality, very clean
- Extended lifetime of :
  - removable cutting knives for 50 mm (2 ")
  - sharpenable cutting knives for 100 mm (4")
- Compliant with 2006/42 EC safety standards
- First class components suppliers
- **Innovation based on customers needs**

## Shredder sizing & tires handling expertise :

- Recognized quality of engineering
- Mobile or stationary shredders
- Turn-key shredding installations or equipment supply

## ASSETS (2/3):

### Process expertise & understanding :

- Experience & seniority of staff with regular service visits on customers site

### Market recognized reliable & « fit for purpose » equipment :

- High Overall Equipment Effectiveness (smooth trouble-free operation)
- Equipment often sold thanks to recommendations from existing customers (**Referral Market**)

### Worldwide Proven track record : over 80 tires shredding installations

Fist class references : Veolia, LafargeHolcim, Cemex, Fives FCB, Vicat... & many local customers

# ASSETS (3/3):

## Integrated manufacturing :

- Design, engineering & manufacturing
- Heavy duty, quality of manufacturing
- Revamping, refurbishing, retrofitting of used equipment
- Spare-parts (rotors, knives, etc..)

## Passion, pride & flexibility of staff

- DNA : Technology driven & customers minded company

## Active member of Eu scrap tires committee for standardization (CEN TC 366)

- Co-founder of French scrap tires committee, extended to European level
